

# CAMP TREXLER

## - In Site Cooking -

***This Summer, as always, we'll be offering In Site Cooking options***, where you can get each meal's ingredients from us, and cook in your site! In-Site Cooking is encouraged for those interested in running the meals/prep on their own and in their own Troop.

The kitchen will supply the food needed for your scheduled meal as per the current menu for the day. ***You may stop at the Kitchen prior to the meal to pick up your food/ingredients.***

Please inform us as to which meal(s) you would like to prepare in your campsite. Be sure to bring your Troop's cooking supplies, you may also bring extra spices/ingredients if you wish!

Once available, our Menu will be listed here on our "[Files](#)" page.

Below, please list which meals you would like to make in site so that we can make sure we're prepared to have your meals/food ready for your troop!
